AQUEDUCT RACING RESUMED

ACHIEVEMENT DEFEATS PRINCE OF COMO AND WINS THE WAKEFIELD HANDICAP.

Hodge Runs to His Western Form and Takes the Mile Handicap-Bac Runs Well and Outstays Lahere-Track Talk.

New York, July 26.—Racing was resumed at Aqueduct today, where the final six days of the Empire City Racing Association's meeting will be rum. The attendance was of rather slim proportions, but of average size for an off day. The Wakefield Handicap, for two-year-olds, was the stake offering and resulted in a handy victory for the improving Achievement, which, after racing out in the lead with Prince of Como, drew away in the final eighth to win with something to spare. Miss Puzzle was unable to keep up at the hot pace and minished third. The Wakefield Handicap was worth \$1.925 net.

This stake was first run for in 1900, then discontinued until 1907, when it was renewed on the resumption of racing at the Yonkers track. Its condensed flistery follows:

olds and over, in 1900 and 1907. No racing at Empire City in 1901 and 1903.

The fourth race, a handicap at one mile, attracted a good field and resulted in the best contest of the day. Hodge, a western horse that had failed in two attempts at Belmont Park, was the top weight and favorite and made good in an easy manner. He was never far behind the early pacemakers, Leo Skolny and Coquette, and when called on for a final effort, drew away in stake horse fashion. The mile was run in 1:38½. Coquette, on the strength of recent good work-outs, was heavily backed, but was unable to keep up in the early running and when called on in the stretch proved unequal to the task of heating Hodge and Holiday.

Bac, quoted at odds-on, won the second race over Lahore; the latter was making his first start in some time. He had worked well and was well fancied by his connections, but the ride he received from Lilley was not of the best and he had to be content with second place. Cloud won the steeple-chase and it marked the first winning effort for that racer through the field.

E. R. Bradley was a visitor here today.

Kimball Patterson purchased the two-year-old Dorados Saturday after his winning race, for the Marrone Stable.

M. A. Colton has sold to W. J. Weber the two horses Southern Star and Big Dipper.

C. Carrigan, who has been riding in Germany, had the mount on Hands off in the third race today, it being his first appearance in the saddle since his return.

Addle M. pulled up lame after her race in the mile for the season.

Hon, John J. Graham, whose efforts were unceasing to restore racing in New York and who suffered

a tendon and she probably will not race again this season.

Hon, John J. Graham, whose efforts were unceasing to restore racing in New York and who suffered an attack of heart failure Saturday at Belmont Park, is reported as being still unconscious and under his physician's orders he is still at the Belmont Park clubbouse.

H. K. Knapp, who has been seriously ill, is rapidly recovering at his Long Island home.

GENERAL NEWS NOTES OF THE DAY.

While the probable loss of life through the Easthand disaster is not so great as it was thought to
he Saturday evening it is still appalling. The
death list is now placed at from 1,600 to 1,500
by Coroner Hoffman. In all 812 bodies have been
identified by relatives and friends. Ten bodies
now await identification at the Second regiment
armory. Heroes of the ship disaster, policemen,
firemen and volunteer divers, explored lower sections of the great steel tomb and concluded that
500 bodies were still locked within the hull. Others
are believed to be pinned under the boat at the
bottom of the river. The difficulty of extricating
the greater number of these bodies did not daunt
the divers, who determined to continue their efforts to bring up the dead until the Eastland is
raised to facilitate their task. In the meantime
a relief fund of \$300,000 or more is being rapidly
subscribed and first steps toward a sweeping investigation by local and national authorities have
been started. The most sweeping federal investigation ever conducted has been started by Attorney
General Gregory and Secretary of Commerce and
Labor Redfield into the causes of and responsibility
for the Eastland disaster. President Wilson directed the inquiry. rected the inquiry.

The American steamship Leelanaw, from Archangel for Belfast, with a cargo of flax, was torpedoed and sunk by a German submarine off the northwest coast of Scotland on July 25. All the members of the crew of the Leelanaw were saved. They were brought into Kirkwall in their own boats. The Leelanaw was owned by the

EXPERIMENTAL WORK BY THE UNITED STATES GOVERNMENT IN HORSE BREEDING

Washington, July 26.—The result of the government experimental work in horse breeding, begun in 1913, is interesting, and statistics for the season just closed will give an idea of how the work being prosecuted.

Unlike foreign governments, the United States had made no experiments in the scientific breeding of horses for army uses, and it was only as the result of a recommendation to Congress by a number of experts who had inspected foreign studes that an appropriation of \$50,000 was set aside and the work turned over to the Department of Agriculture, which in turn delegated it to the Bureau of Animal Husbandry. The object was to produce desirable types of cavalry remounts and artillery horses.

Thoroughbred sires had been pronounced most

desirable types of cavalry remounts and artillery horses.

Thoroughbred sires had been pronounced most serviceable by continental experts and the project was undertaken along the same lines here, though there was a desire to try other light horse types of stallion, and a few trotting, saddle and Morgan sires were included in the original stud. The War Department had received as a donation the thoroughbred sires Octagon by Rayon d'Or, dam Ortegal, by Bend Or, and Henry of Navarre by Knight of Ellerslie, out of Moss Rose, by The III Used, from August Belmont, president of the Jockey Club, and these were turned over to the Department of Agriculture. Other thoroughbreds were purchased, and there are now at the station at Front Royal, Va., eighteen sires, of which ten are thoroughbreds, the others being trotters and saddle stallions. All these horses were passed upon by experts and no unbound or faulty gaited mares are allowed to be bred. In every instance the aim has been to secure a horse that was not only a good individual but was possessed of a sweetness of disposition, a soundness of fibre and a quality of boar that would make their progeny desirable for army use.

The prepotency of the thoroughbred, experts de-

position, a somioness of line and a quarry of none use.

The prepotency of the thoroughbred, experts declare, make him ideal for the work in hand, and, as racing was in its darkest days when the work was inaugurated, the task of securing horses of quality was easy. There was a disposition from the start to render the government every assistance in a work that is regarded as second to none in economic importance. With Russia's appropriation for horse breeding totaling more than \$4,000,000 in the same period from his private purse, there was cause for fault finding when the appropriation for the work in the United States during the same period was cut from the original \$50,000 to \$30,000. Now the department has been notified that it must carry on the work for the coming twelve months for \$25,000, and there is certain to be an appeal to Congress as soon as the House convenes.

There will be agitation also concerning the price the government binds itself to pay for three-year-olds, the figure at present amounting to \$175, or

to be exact, \$150 and a refund for the service fee \$25, though no fee is charged if an option is given the government on the resultant foal, at the time of service. Breeders in the east claim that they cannot produce a good two-year-old for this sum, and experts like Major-General Scott declare that the amount should be increased, and in fact there should be no set figure for a good horse. The government's option is exceedingly fair, for if a breeder finds he has produced a high type of animal which will command a big figure in the open market or at private sale he may pay the service fee of \$25 and obtain a release.

In talking with G. Arthur Bell, who has the work in hand for the Bureau of Animal Husbandry, that official said:

In talking with G. Arthur Bell, who has the work in hand for the Bureau of Animal Husbandry, that official said:

"We find a desire to patronize our horses growing constantly, but unfortunately we are hampered by the lack of sufficient money to go on with it in the way its importance demands. It is a work that would make a big showing in a year or two, and it is a project which calls for much thought. In 1913 we had forty-one stallions, to which 1,557 mares were bred. In 1914, forty-three stallions were in service, and 2,013 mares were bred. Because our appropriation was cut to \$30,000 for the past season we had to reduce the number of stallions to thirty-seven. Notwithstanding this, there have been bred to date more than 1,900 mares, and when the return for the Morgan horse, which left the Middlebury. Vt. depot late, are all in, there will be more than 2,000 mares, or an average of about fity-five mares per horse, as against forty-seven in 1914 and thirty-eight in 1913.

"We have endeavored always to place the horses in districts where there was the greatest need for improving the general purpose horse," continued Mr. Bell. "In every instance, I think, we have accomplished our object, and we have had to limit the season of the thoroughbred Octagon and the trotter Richford Jay, 2:1344, so great is the desire to patronize sires of their splendid type. Prizes are given, in co-operation with the National Remount Association, every autumn for yearlings at five fairs in Virginia, four in Kentucky, three in Vermont and one each in Tennessee and Ohio, the animals being judged on their suitability to become cavalry remounts. We also hold a horse show and race meeting in August at Front Royal, where premiums for the produce of the government stallions are offered, as well as the Thompson Cup for two-year-olds, which is a feature of the occasion."

Asked if he had heard that there was a possibility of the government horse-breeding activities being transferred to the War Department. Mr. Bell admitted that he had, but woul

Leelanaw Steamship Company of New York. It was formerly called the Earnwell. The vessel was 280 feet long and of 1,924 gross tons. It left Galveston May 5 and New York May 17 with a cargo of cotton for Archangel. Having discharged its cargo it is evident the Leelanaw was returning from Archangel when sunk. An official statement of the German government, issued April 18, 1915, sets forth that flax is contraband of war. The British steamship Grangewood of 3,422 tons gross, bound from Archangel, Russia, for Havre, France, was also torpedoed and sunk in the North Lerwick, Scotland.

A London statement of yesterday says: "Fight-

A London statement of yesterday says: "Fighting for Warsaw has shifted from South Poland, where the most desperate efforts of Field Marshal von Mackensen have been mable to win an appreciable advance, to the north of the Polish capital, where the Germans have crossed the Narew river along a wide front. Petrograd so far has not admitted this German success. It also still is apparent, London military observers say, that the Ostrolenka fortress from which radiate the useful strategic railroads, continues to be controlled by the Russians. The latest success of the Germans brings them within twenty-five miles of north Warsaw. To the southward the Germans are attacking the defense lines near Piaseczno, twelve miles from the capital. That the situation in the capital is becoming more precarious is indicated by the news that the Russians are withdrawing all men and material for the manufacture of munitions from the city."

trial for the manufacture of munitions from the city."

The French war office this afternoon gave out a report on the progress of hostilities, reading as foliows: "French aviators have thrown down shells and steel arrows on the military railroad station at Nantillois, to the north of Montfaucon. Artillery duels are raging in all other sectors." The way in which a German submarine heading for a British transport laden with troops and ammunition was put to flight by an allied aeroplane is described in dispatches just received here. An aviator saw the underwater boat preparing to launch a torpedo and gave the alarm. Pending the arrival of destroyers he dropped bombs at the submarine. Although none of the missiles took effect they forced the submarine to plunge deeper. Soon afterward, however, the periscope appeared on the surface and the aviator dropped two more bombs. The submarine then made off and did not reappear.

A dispatch from Kirkwall to the Central News agency of London says that after the members of the crew left the Leelanaw about a dozen shots were fired at the steamer. They failed to sink her, however, and she was sent to the bottom by a torpedo. The members of the crew were taken aboard the submarine and were well treated. When in sight of the Orkney islands the men were ordered to return to their boats and the submarine disappeared.

Maj. Gen. Funston reported yesterday to the War Department that, despite warnings to Gen. Carranza and his assurances that there would be no fighting in border towns endangering Americans, Gen. Calles was assembled with 2,000 Carranza troops at Santa Barbara, twenty miles from Nogales, and apparently was preparing to attack the border town. Gen. Funston has orders to repel with force any firing into American territory.

PEEP O'DAY AND HIS WORTHY PROGENY.

John S. Barbee's bay stallion Peep o'Day, which died July 18, was buried in his paddock at Glen-Helen Stud, where he has stood for a number of years with great success. About a month ago Peep o'Day had a bad-saifack of halgestion, but Dr. Heraggart Bryan brought him around all right. Another Spell Lofens, J. of indigestion followed in about ten days, affecting his heart and terminating in his death. Mr. Barbee, Taylor, W. who was with him when he died, said he was the Cooper, F.

gamest horse he ever saw all through his sickness. A handsome monument will be erected over his grave.

Peep o'Day was imported as a foal by the side of his dam by J. R. and F. P. Keene. Messrs. Keene raced him as a two-year-old, but he failed to win for them and they sold him to James A. McCormick. In his three, four, five and six-year-old form he won twenty races for Mr. McCormick, including the Seagull Handicap, Reapers Stakes and Red Cross Handicap. He was but once unplaced at three, and ran second to Requital for the Realization Stakes, in front of Hastings. He ran three-quarters in 1:15 with 140 pounds; six and a half furlengs in 1:20½ with 134 pounds; seven-eighths with 133 pounds; the Withers mile in 1:40½ with 121 pounds; and in in 1:41½ with 128 pounds; one mile and a quarter in 2:09 with 116 pounds.
Peep o'Day's stud career started in New Jersey, where he made several seasons. In 1906 he was brought to Kentucky and made the season at R. H. Anderson's Tea's Over Stud. He was then the property of A. Albright, Jr. In 1907 he went to Glen-Heen Stud, where he died.
Peep o'Day has been prominent as a sire for a number of years. In 1907 he had eight two-year-old winners out of nine starters. In 1910 his get placed him among the twenty leading stallions. In 1911 he was fourth on the leading stallions. In 1911 he was fourth on the leading stallions, having to his credit such good winners as Cock o' the Walk, First Sight, Helen Barbee, Light O' M' Life, Wauder, Coy Lad, Good Day, Osaple, David Craig, John Gund, Fascinating, Harvest Queen, Ray o'Light, Violet May and Undercover. In 1914 he was again among the leaders, having fourteen two-year-old winners to his credit as follows: Ed Crump, Susset, Phosphor, Mamie K., Nellie C., Tiara, Estimable, Hiker, Al Reeves, Vogue, September Morn, Hank O'Day, Ida and Miss Frances. John Gund won the Latonia Derly, net value to winner \$15,660, mile and a quarter, at Dovval Park, on the same day last year. Tinis year up to July 1, Peep o'Day was fourth on the leading stallion

THIRTY LEADING AMERICAN JOCKEYS.

With six winning mounts to his credit, F. Cooper carried off the riding honors of last week and added his name to the list of the thirty leading riders. Following him in a tie for second place, with five wins cach, were M. Garner, J. Butwell and M. Buxton. In the matter of total winning mounts, Garner seems in an unassailable position, but if his record was not in the way, there would be quite a remarkable struggle going on for the premiership in the saddle, R. Goose, L. Gentry and J. Butwell having fifty-eight winning mounts each, E. Taplin fifty-seven, W. Lilley, J. McCahey and M. Buxton fifty-six, while Lowder, Acton, Turner and Mott have fifty or more. The riding record to and including last Saturday stands as follows:

ROUTINE DAY AT HAMILTON

SELLING RACES, WITH BIG FIELDS STARTING. MONOPOLIZE THE DAY'S PROGRAM.

Commonada Captures the Principal Race of the Afternoon, with Barnegat Second-Committee to Revise the Apprentice Rule.

Hamilton, Ont., July 26.—Threatening weather kept some of the regulars away from the Hamilton track this afternoon. The attendance, however, was large and speculation surprisingly brisk. The program was largely made up of selling races and what the fields lacked in quality was made up in quantity, the full limit of twelve facing the barrier in most of the races.

The Sandringham Handicap, a dash of a mile and an eighth with \$800 added, went to R. J. Austin's Commonada, which made all the pace and beat Barnegat a length. Barnegat ran in much improved form and it seems as if R. E. Watkins has finally rounded this useful horse into good form again. In today's race he followed the others until straightend out in the homestretch, then closed up with a rush.

Jockey Rufus Shilling and his employer, G. W. Scott, have had a disagreement and the lad is making an effort to break the contract that the Texas turfman holds on his services. Shilling requested the stewards this afternoon to pass on the matter. The lad claims that according to a clause in the contract; if either party at any time is dissatisfied the contract becomes null and void. The lad was told to produce the contract, and he wired his mother in Texas to forward it at once.

The Hamilton Jockey Club has notified the Dominion government that it will donate a machine gun of the most modern make to the allies.

Captain W. F. Presgrave was a visitor at Hamilton today. He came from Saratoga to arrange for the shipment of the division of the stable that A. G. Weston has here. The entire establishment will be consolidated at Saratoga and at the conclusion of that meeting all of the horses will be shipped back to Montreal.

Andrew Blakeley has arranged to ship his horses from here to Saratoga in the Weston car.

Lewis Garth gave the public an opportunity of winessing his new purchase, Emerald Gem, school through the field on Saturday. The filly was taken over a couple of jumps and fenced well for a beginner. Mr. Garth has hopes of developing this mare into a high c

ling.

It was decided to appoint a committee, consisting of George M. Hendrie, A. Dyment and Joseph A. Murphy to look into the matter and revise the apprentice rule. The suggestion has been offered that the Australian rule be adopted. This rule entitles a boy to a seven-pound allowance until he has ridden five winners; then a five-pound allowance for the next ten winners, and finally a three-pound allowance for the following twenty winners, at the conclusion of which his apprentice allovance expires. The scale of weights will probably be raised and, it is hoped, that this will result in owners riding more experienced jockeys.

CURRENT NOTES OF THE TURF.

Claude Lawless, owner of Commendation, was warned off at Reno a few days ago with his horse for "unbecoming conduct."

Sheriff Crippen of Saratoga, accompanied by several of his deputies, visited Belmont Park Saturday to familiarize himself with the betting methods in vogue.

August Belmont's Friar Rock has the distinction of being rated the best of the eastern two-year-olds by Handicapper Vosburgh. In the weights for the Wakefield Handicap Friar Rock was given 126 pounds to 125 for John E. Madden's White Hackle.

The Reno stewards have asked the Nevada State Racing Commission to revoke the license of jockey Washer for betting on Zoroaster when he had a mount on Louise Paul in the same race. Jockey T. Nolan and R. Imes have been suspended for associating with touts and touting themselves.

At Hamburg Horn on Sunday the Hamburg Grand Prize of \$25,000, the second most important German turf event of the year, was won by Baron Alfred von Oppenheim's Masher, ridden by Archibald. Second place was taken by Haniel's Albula, ridden by jockey Plueschke, which carried the same owner's colors to victory in the Derby.

The influx of horsemen has already commenced at Dufferin Park, Toronto, for the meeting of the Metropolitan Racing Association, which commences one week from next Saturday. A carload of horses, including the Horton string, is there from Latonia, while several strings have arrived from King Edward Park, Montreal. There will be an abundance of material on hand by the end of the week.

of material on hand by the end of the week.

Apart from his breeding, which is of the best,
White Hackle is a fine-looking two-year-old with
powerful quarters, good shoulders and clean legs,
He is wonderfully muscled, too, while his stride is
smooth and frictionless. In speaking of him, Mr.
Madden laid much emphasis on his disposition, saying: "In all my experience in the breeding and
development of thoroughbreds, I have rarely, if ever,
seen a horse so even-tempered, so free from any
bad habits or well behaved. I know he can run fast,
and I am thinking he can run far."

At the Newmarket Second July meeting sales of July 12, the five-year-old stallion The Curragh was knocked down to the bid of W. H. Smith for 1.500 guiness or \$7,800, but the real purchaser was Mr. John Sanford and the horse is destined for stud service at his Hurricana Stud near Amsterdam, N. Y. By Spearmint—Currajong, by St. Frusquin, The Curragh is a grandly-bred young horse and acapital race horse to boot, being the winner last year of the Babraham Plate of a mile and a half at the Newmarket Craven meeting; the Kempton Park Great Jubilee Handicap of one and one-quarter miles at Kempton Park, and Princess of Wales Stakes of one and one-half miles at the Newmarket First July meeting. These are all events of first-rate importance and as a high-class descendant of Musket, The Curragh should prove a great acquisition to American breeding interests.
